Sandman Glass & Gift Newsletter – May 2009 – “Mother’s Day”

“Mother’s Day”

It’s all about your perspective.

Mothers day is one of those days you can celebrate whether you have mothered children, boyfriends, husbands, cats, dogs, or anything you cared for (smile)!

Of course, as a Mother myself, I try to keep the perspective of the future in my mind. A little of this and a little of that had me create this beautiful bowl with my mother in mind. It has beautiful light-pink glass for the background and mauve to pink flowers with red and green leaf accents. This bowl lights up and glistens in the sunshine.

I also have created a lot of wonderful gifts for mothers.

Until May 9th, and while supplies last, if you come into the shop you will receive a beautiful fused glass necklace. These necklaces are wired wrapped to perfection by Kristi Cooper and fused by yours truly. They are *absolutely free*, I have a limited supply so hurry in. Happy Mom’s day!

“Dinnerware Sets”

Once again I have been busy in the studio developing dinnerware sets for customers. This four piece dinner plate setting, makes for a wonderful color combination.

Next it will have four salad plates and four bowls. Bowls are the hardest to fuse as they can flop over in your kiln or form into a puddle if they over melt. The conditions have to be right in order to get a perfect piece.

“Sandman Glass Closed”

This is to announce that we will be closed right after Mother’s Day. I will be busy dreaming of new ideas for the new summer line. I expect to concoct brightly colored items that should put a sunny smile on your face. I will be closed from May 10th – May 28th. We hope that this will not be an inconvenience to anyone. You may still contact me by calling (208) 521-0295 or on-line at www.sandmanglass@aol.com

We now carry internationally known, Hannah Disney’s, Fantasy Art work. Hannah is from the Idaho Falls area and we are happy to have her wonderful work in our shop!

For the Love of the ART of Beading”

Vibrant and alive, Suzanne Le May Riche ‘ has the art of beading down

pat. Her glistening blue eyes twinkle when she talks about how she develops her work.

She says it all started eight years ago when she was visiting with friends who started to bead. Where others may become discouraged by trying to grasp little tiny seed beads, Suzanne mastered the knack of creating purses, eyeglass holders, necklaces, and friendly suncatchers.

This vibrant eyeglass holder has literally hundreds of seed beads. But that’s not all.

This oil lamp curves along the glass with eloquent precision. Suzanne specializes in beadwork but does other beautiful artistic creations too!

Jill Neeley just finished her 4- week course and wound up with 3 projects to take home.

Classes Continue!

Yes, You can learn how to cut & fuse glass too! It's fun and easy to take a summer class to learn the art of cutting stained glass. You will get a piece of history about fusing, the tools you need, and wind up with a beautiful finished product. Just call 521-0295 or stop in to the store for more information.

To celebrate Mother's Day! Come in and receive a wire wrapped heart necklace for FREE.
