Sandman Glass & Gift Newsletter – September 2009 – “Idaho’s Summer Ends”

“Idaho Summer Ends”

It’s something about Idaho’s summers that really seem to stand out in one’s mind. The beautiful blue skies during the day and the crystal clear starlit skies of night... seem to revisit from year to year as methodical as a

butterfly to a flower.

The butterfly on this lantern fluttered back and forth almost on a daily basis in

my garden. When I would catch a glimpse of it from time to time it seemed to descend on the lush green grass heading for a flower. I would see it almost at the same time everyday when the sunlight was strong. I never knew that butterfly’s flew in a timely fashion. It was the highlight of my days off.

We carry internationally known, Hannah Lynn Art & Design, Fantasy Art work. Hannah is from the Idaho Falls area and we are happy to have her wonderful work in our shop!

Please note: Hannah Disney has changed her professional name to Hannah Lynn’s Art & Design. We still carry her original prints signed by Hannah Disney.

“Boo Plates” Update

A-w-w-w, yes. “Boo” plates are starting to come out now. I have designed new “Boo” plates this year for Halloween and am very excited about them. The little plates and fluted dishes are just darling with their bright orange colored backgrounds and ghostly figures on them. There will be a wider selection in the store if you hurry in to see them. Get them while they last! *Boo!*

Also, for those that like to give a Halloween card or two. Hannah Lynn has designed a new card filled with *witchery*:

Her creativity, style and design, goes without saying.

“August Winner”

Carol Strong is our August Winner of a beautiful plate.

“Bear is Back”

It had been many years since I had seen the man they named, “Bear”. After all, a man of a 6’4” stature, with a name-sake like that, you would think he would have headed for the hills!

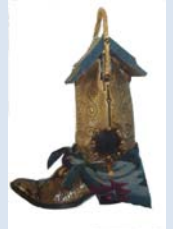

Instead, one day he showed up on my doorstep at Sandman Glass and said “Hey, remember me?” How could I ever forget one of the nicest people you could ever meet? Turns out, Bear was hibernating with his lovely wife, Jan, in Quartzsite Arizona.

But, all summer long, he’s been back in Irwin, Id. making wonderful western ranch style benches, bird houses; horse collared mirrors, and more. And I am happy to say we will be carrying his fantastic craftsmanship at the store.

He also does intricate moose antler belt buckles and jewelry, wagonwheel tables and more! A must see...Talented to boot, no doubt!!!!

Jill Neeley finished up on a class on copper foiling.

Classes Continue!

Yes, You can learn how to cut & fuse glass too! It's fun and easy to take a fall class to learn the art of cutting stained glass. You will get a piece of history about fusing, the tools you need, and wind up with a beautiful finished product. Just call 521-0295 or stop in to the store for more information.
