BOO! Gas prices scaring you?

They are pretty scary for us too! But at Sandman Glass & Gifts we feel we have some clever anti gas guzzling solutions with our pre-holiday sales. You see, we are closing soon for the season, so we need to clear out the items that we have. So read on for our special anti gas guzzling deals!

Here's What's New!

Terry Cochran is one of our newest members at our Swan Valley shop.

Terry has handcrafted one of the best Lodge Pole Pine Stools in the valley. These stools are designed to last a life time and are very user friendly. Terry has filled the natural pine split so it is sealed permanently. These beautiful wood stools are worth

checking out. Terry Cochran's stools are **25 percent**

We have received letters from people from all over the world telling us they love the items at our shop!

Imagine.... walking along Palisades Lake. As you are admiring the shoreline, a fish

begins to rise from the water. That's the feeling you will get when you see this driftwood art of Linda "Lou" Dahlquist.

Linda says the driftwood literally speaks to her. In other words, when she picks the pieces up and takes them home, she already knows what they will become. A fish, a turtle, a crane and more. Come see Linda "Lou's" art work at Sandman Glass & Gifts.
