**Whew! The Holiday Rush Is Here!**

December 1, 2005

The snow has settled into our area setting the mood for the holiday season. As the glistening snow falls gently to the ground, elves at Sandman Glass & Gifts have been busy dreaming up a variety of new ideas!

### Here's What's New!

We are on line!

Yes, finally we have been able to get some of our products up on line and easy for you to place an order at [www.sandmanglass.com](http://www.sandmanglass.com)

This, as you well imagine, was a major task, as the learning curve to do this was enormous. But, with the help of Web Designer, Jim Bisette of *Generations Photo*, we were able to accomplish it. Of course it will take us a while to get all the kinks worked out of it. *PS. During December, if you order a Fused Glass Fluted Dish on line you will receive a 20 percent discount!* (Reg. Price 19.99-23.00) *Order over \$50.00 shipping is free!*

**Happy Holiday from Sandman Glass!**

### More News

During the midst of designing the web page, we have been extremely busy closing up the location in Swan Valley for the season and getting ready for the holiday shows in our region. We were happy to see the smiling faces of some of you who attended some of them. Thank you!

In the middle of doing the shows we did run into a calamity of errors. A couple of times during the fall season our kilns were not working properly and our glass shipments were untimely. That, of course, delayed some of our Christmas items coming out in time. No major worries, all our kiln & shipping problems have been cured.
